### Product Description:

Turn sticky frozen snacks into clean, stress-free fun with the Silicone Star Ice Treat Holder Combo! This clever star-shaped guard catches every drip and drop, keeping little hands and everything around them mess-free. With two sizes included, the holders snugly fit ice pops or ice cream cones so the whole family can enjoy frozen treats without having to worry about the messy aftermath.

Made from ultra-soft, food-grade silicone, these holders are safe, durable, and gentle on little hands and mouths. The wide surface with a raised rim keeps treats steady which catching drips, even when little ones move or tilt. The lightweight, compact design makes it easy to carry anywhere. Simple to use, easy to clean, and safe for dishwashers, sterilisers, and boiling water, this one-piece holder is your go-to for fun, fuss-free frozen snacks at home or on the go.

### Features:

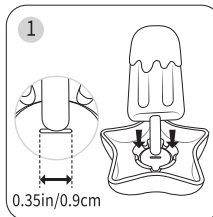

- 2-in-1 holders effortlessly handle drizzles, drips & drops to keep hands, clothes and floors clean.
- Two sizes included to snugly fit both small or larger ice pops, ice creams or any other frozen treats!
- Adorable star shape has two ways to enjoy: insert your ice pop stick in the bottom slot or remove the plug and place an ice cream cone inside to hold from beneath!
- Flexible, ultra-soft food-grade silicone is safe and gentle on delicate skin.
- Wide, leakproof surface catches melting drips even when tilted, keeping snack time neat.
- Inner raised rim keeps cones balanced to prevent slipping & tipping.
- Lightweight design so it's easy for active little ones to hold.
- Compact to carry at home or on-the-go for the whole family.
- One-piece design is safe in dishwashers, fridges, freezers, sterilisers & boiling water.
- Non-toxic 100% food-grade silicone is BPA- & phthalate-free.

### Cleaning and Care:

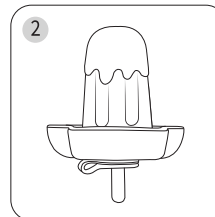

Wash thoroughly after every use. Hand wash this product in warm, soapy water or put into the dishwasher. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Do not use bleach-based agents to clean this product. Silicone may absorb the colours of foods it comes in contact with. To minimise discolouring, wash immediately after use. Store product in a cool, dry place and avoid direct sunlight.

### Instructions:

For ice pops/ice blocks (sticks):

Insert stick straight through the slot at the base.

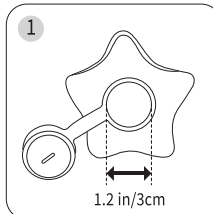

Pull stick gently down from the bottom until held snugly in place.

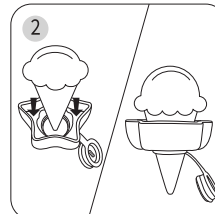

Hand to your child to enjoy mess-free icy fun.

For ice cream (cones):

Remove the bottom plug from the holder. The holder is suitable for ice cream cones wider than 1.2 in/3cm.

Place the cone tip firmly but gently into the opening, ensuring there are no gaps.

Push down until secure, taking care to avoid breaking the cone, then let your child enjoy without spills!

**PLEASE NOTE:** This product is suitable for most common store-bought standard frozen treats and is not compatible with Haakaa's silicone ice cream mould series. Holders in two sizes share the same slot diameter, allowing ice treats to be used interchangeably.

### Caution:

- Always use this product with adult supervision.
- Before each use, inspect the product. Throw away at the first sign of damage or weakness.
- For your child's safety, never attach product to cords, ribbons, laces or loose parts of clothing, as it can become wrapped around their neck.
- This product is not a toy. Do not use this product for anything other than its intended use.
- Keep out of reach of children and pets when not in use. NOT suitable for pets.
- Avoid refreezing leftover ice cream for second consumption.
